PowerShell Conference EU

PowerShell
Conference
Europe 2021

Hannover, June
2021

A message from the PowerShell Conference Europe organizers:

March 2021

Firstly, we wish all of our PowerShell friends and colleagues the very best in these different times. We hope that everyone is and continues to be safe and well.

Due to Coronavirus and the limitations that come with it, we are sad to have to announce that we will be unable to hold psconf.eu in 2021.

PowerShell Conference Europe is much more than the sessions, we always try to create a joyful, supportive, friendly atmosphere where everyone can come together to learn, share, network, and socialize.

PowerShell in 2021

A background image of a traditional Dutch windmill situated on a grassy bank next to a calm canal. The windmill has a wooden body and four large sails. Lush green trees are visible behind the windmill, and their reflection is clearly visible in the still water of the canal. The sky is a clear, bright blue.

- PowerShell 7.2
 - Built on .Net 6
 - Supported for 3 years
- DSC for PowerShell 7
 - Continued support for converting DSC to PowerShell 7
